MCMIS Report

Describe how the information in question affects you (i.e., how an alleged error harms you, and/or how the correction will benefit you).

THE INFORMATION INFLATES OUR PERCENTILE ON OUR SAFESTATE DRIVER SEA SCORE.

Clearly identify the specific information that you believe needs correction.

NEW YORK INSPECTION REPORT #C004001544 IDENTIFIES A DRIVER NAMED DENNIS P. DRAKE AS BEING PART OF OUR FLEET, AND AT THE TIME OF THE INSPECTION WAS FOUND TO BE IN VIOLATION OF RECORD OF DUTY STATUS REGULATIONS.

Specify, in detail, why you believe the information fails to meet standards of integrity, utility, and objectivity.

The driver, Dennis P. Drake, and the vehicle that he was operating was not part of the National Fleet, operating under National's authorities. The driver and the vehicle that he was operating was making an Intra-New York move. The vehicle and driver belong to Mosca Brothers Moving & Storage, Inc. Mosca Brothers is an Agent for National Van Lines, while operating their own fleet, under their own operating authorities.

Mosca Brothers Moving & Storage is located at 801 Erie Blvd. West, Rome, NY. 13440, Phone 315-336-5010. Their USDOT number is #15242, MC#129542.

Specify your recommendations for what corrections DOT should make to the information in question and reasons for believing that these recommended corrections would make the information consistent with both the DOT's and OMB's information quality guidelines.

Respectfully, we are requesting that this citation be removed from our SafeStat record, and the citation placed on the SafeStat record of Mosca Brothers.

In a case where the Department has not designated a report, data set, or document as being subject to these information quality guidelines, and you believe it should be, you should specify why the information should be subject to the guidelines; and include any documentary evidence you believe is relevant to your request (e.g., comparable data or research results on the same topic). DOT Inspectors have a hard job identifying, and separating household goods Agents from the actual Motor Carrier. In most cases Household Goods Agents have their own operating authorities (i.e. Mosca brothers), If more then one name appears on a vehicle, the inspector should review the Bills of Ladings to make sure they are issuing citations to the right company.
